◆ WHAT YOU GET

SAP PM/MM Training: what we deliver

Taught by a working SAP PM/MM consultant, using realistic plant scenarios instead of slides alone. For maintenance, planning and stores teams, delivered on-site, corporate or online worldwide.

01

SAP PM End-User Training

Notifications, work orders, planning, confirmations and history, the way your technicians and planners use them.

02

PM Master Data Training

Functional locations, equipment, BOMs, task lists and maintenance plans, and why clean data matters.

03

MM for Maintenance & Stores

Material master, reservations, goods issue, purchasing and inventory from a maintenance point of view.

04

Reports & Analysis in SAP

Standard PM/MM reports and how to turn them into maintenance and stock decisions.

05

Customised Corporate Batches

Content shaped around your plant, your roles and your SAP setup, for any group size.

BEST FOR

Maintenance, planning and stores teams, new joiners, and organisations after an SAP rollout.
